Note: SSL refers to **SteamShip Line**. For payments, when marked as SSL, it means just the line fees (not terminal fees) will be available.

Registration Process (Documentation)

- [eModal](#)
- PortTruckPass (Not Available)
- [ProPass](#)
- [SCSPA](#)

Notes:

LBCTE

1. Although Envio360 can do fee payments through the orchestrations at LBCTE, Envio360 can't see or create the appointments at this terminal since they don't share this information with us and they have a scheduling app separate from eModal.

Appointment Status	Terminal Status	Appointment Type	
N/A	N/A	N/A	

2. LBCTE doesn't display the fee for the day(s) prior to the appointment but will charge the prior and the appointment day in the same demurrage fee on the day of the appointment. This also affects the **Good Through Date** since the day prior to the appointment there's no fee to pay, the GTD won't be updated until the day of the appointment when the fees are paid.
